

Guardian Angel™ Angelonia

NEW Guardian Angel is 30% taller and more vigorous than Archangel. It flowers earlier than Archangel, too, so northern growers with less light can finish it on time for their markets. Huge flowers are vibrant against glossy, dark green leaves on tall stems. Thrives in extreme heat and humidity. Excellent upright component plant for mixes – ensure your combination thrives with Guardian Angel!

General & Information		
Height:	Spread:	Exposure:
16-18" (41-46cm)	10-12" (25-30cm)	Sun
