Archangel™

- Thrives in extreme heat and humidity.
- Uniform habit and flowering time for easy, high-density production.
- Well-branched plants ship with less breakage, tangling and shrinkage.
- Works well in quarts, gallons and mixed containers. Also great in the landscape.

The most notable color breakthrough in angelonia – the first red in the class! It offers the darkest red in high light and cool temperatures, with a more watermellon tone in the greenhouse or diffused light. Combine with White and Blue Bicolor for a great patriotic mix.
