## Juliet™

Compact and upright habit.
Great for high-density pot programs.
Super-uniform for habit and timing.
Take less bench space without PGRs – easier to ship, too.
Ideal for 4 to 6-in. (10 to 15-cm) and 10 to 12-in. (25 to 30-cm) pots.

Offers a larger flower, earlier flowering and better timing with the series.
