PassionFruit

Trailing, "spreading" habit.
Abundant flowers and dark green foliage.
Perfect for hanging baskets.
Multicolor flowers; ideal for monoculture containers.
Never cycles out of flower!
2025 Cincinnati Zoo and Botanical Gardens Field Trials standout performer: "Whereas many of our lantana don't bloom until it is very hot, this lantana delivered full-covered blooming from June to early October!"

General & Information

Height: Spread: Exposure:

12-16" (30-41cm) 12-14" (30-36cm) Sun

Propagation Guide
