

Early Springs™ Lobelia

Early Springs is a uniform series.
Try mixing colors for a great-looking monoculture basket.
Compact habit allows for pot-tight production with minimal PGRs and easy shipping.
Can be grown cool for energy savings, but also performs beautifully in heat.
Just one plant fills a quart or gallon container.

The addition of this core color expands the series to match the competition. It is also heat tolerant and its flowers last 2 weeks longer than competitors.
