

# Agate XXL Vining Mandevilla

Part of the Diamantina™ Collection of genetics bred by mandevilla and dipladenia expert Lannes of France. These sun-loving, traditional -type, vigorous mandevillas are earlier to bloom, and they have increased branching and blooming capacity versus current market competitors. The series offers extreme heat, drought and bad weather resistance. Mix Scarlet and White for a showstopping combination. Great for in-ground planting, hanging baskets, patio or garden containers, and in mixed combinations. Support, such as a trellis, is required.

Very large blooms that are a true white!
