Blue Brilliance

Blue Brilliance is vigorous, but is still tidy in the garden. This scaevola offers a dark blue, fan-like bloom and good branching.

Allow the media to dry between waterings. Night temperatures lower than recommended will significantly slow the crop and lead to problems with roo rot.
							Generally not needed. Paclobutrazol(D) 1-3 ppm or paclobutrazol (S) 20-40 ppm will control growth.
