

## SolarPower™

Series features heart and cut-shaped leaf varieties!  
Densely branched SolarPower holds its shape and color in the landscape and mixed combos all Summer long, and it works well with companion plants.  
Medium vigor and a well-branched habit.  
Most efficient in production compared to competition.  
SolarPower's tidy habit allows for more plants per rack at retail. Best for gallon containers, 10 to 12-in. (25 to 30-cm) hanging baskets, mixed containers and landscapes.  
A small-pot solution for northern regions.
